

## Information on data processing to employees and individuals entering areas monitored by the video surveillance system (the "Memorandum")

Dear employees and persons entering areas monitored by the video surveillance system,

This Memorandum is to inform you as **data subjects** on the principles and procedures applicable to the processing of your personal data and on your rights related to the processing of this data, in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/ES (General Data Protection Regulation; hereinafter the "GDPR") and in accordance with Act No. 110/2019 Coll., on Processing of Personal Data, as amended (hereinafter the "PDPA").

Our company respects transparent and fair processing of your personal data and its appropriate protection according to the applicable legislation to ensure correct and fair processing. We protect your personal data with the highest security to prevent any unauthorized or accidental access to, destruction, loss, unauthorized transmissions, or unauthorized processing of your personal data. For this purpose, we comply with the relevant technical and organisational measures to ensure an appropriate level of security with respect to all possible risks. Persons who handle personal data are obliged to maintain confidentiality of the information obtained in connection with the processing of this data.

As personal data protection terms and abbreviations are used in this Memorandum, we have included an explanation of these terms and abbreviations in section '**List of selected terms and abbreviations**' in order to make the content of this Memorandum as clear and comprehensible as possible.

### Controller's contact details

Should you have any questions regarding the processing of your personal data, please feel free to contact us. You can use the address, email and telephone of the Controller referred to in sections '**Controller**' and '**Exercise of the rights of data subjects**'.

### Processed personal data

The Controller processes, based on the relevant legal ground and purpose of processing, the following personal data:

- **Video recordings of data subjects, appearance and images of the behaviour and actions of the persons recorded information on the time of recording.**

### Source of the personal data being processed

The Controller obtains your personal data **through the Controller's video surveillance system**.

### Purpose and duration of the processing of personal data

The Controller processes your personal data for the purpose of protecting the property, lives and health of individuals moving in the area being monitored by the video surveillance system. CCTV footages are automatically deleted after 30 days.

### Legal basis for the processing of personal data

Legal basis for the processing of personal data is the legitimate interests pursued by the Controller under Article 6 (1) (f) GDPR.

### **Manner and means of processing**

The Controller processes your personal data by **automated** means using **Synology surveillance station** (CCTV).

In processing your personal data by automated means, the Controller **does not apply automated decision-making, including profiling**, that might affect your rights.

### **Processor**

The Controller processes your personal data through its employees who need access to the personal data in order to perform their duties and who are obliged to maintain confidentiality of all facts and information of which they become aware in the course of their employment. For the above purpose, the Controller does not process personal data through a processor.

### **Recipients of personal data**

The Controller may, in certain circumstances, transfer your personal data to recipients and third parties.

These **recipients** include, for example, the Police of the Czech Republic in the context of investigating infringement, insurance company, data subject.

However, where public authorities require personal data in the framework of a particular inquiry, they are not considered to be recipients but **third parties**.
